- 150 catches

Juggling

- 10 minutes

Racing Game

- 30 minutes

Sprint

- 5 × 20 meters

Sunday – Performance Check

Take:

- 20 reaction tests

Record:

- Best score
- Worst score

- Average score

Goal Tracking

Week 1:

- Under 260 ms

Week 2:

- Under 250 ms

Week 3:

- Under 240 ms

Week 4:

- Under 230 ms

Week 5:

- Under 220 ms

Week 6:

- Under 210 ms

Week 7:

- Under 205 ms

Week 8:

- Under 200 ms

F1 Driver Habits

1. Sleep is non-negotiable.
2. Stay physically active.
3. Train consistency, not lucky scores.
4. Practice anticipation, not just reaction.
5. Stay calm under pressure.

A calm brain reacts faster than a stressed brain.
